- Width: 2269mm
- Available for Rental

PRODUCT DESCRIPTION

We offer our customers this range of boat skips with self dumping system used for general muck and waste removal. These high quality skips guarantee an easy and safe work as they empty automatically without the help of any assistant. This special and modern system of release eliminates the risk for the operator to enter the danger zone where the bucket is working. The low loading height and drop down bale arm make the filling process very easy.

Suitable for all types of construction site from high rises to tunnels. Combine with our other crane attachments to make your site safer and more efficient.

Watch the below video to see these versatile dump bins in action.
