

Big Blue Float 900 X 300Mm

SKU: 6191-111201

- A blue carbon steel float to provide a super smooth finish
- Made with highly flexible abrasive resistant blue steel
- When it's used in combination with a screed machine, power float is often deemed unnecessary
- Supplied with complete worm drive pitch control (Knucklehead) and three extension snap-handles sections (1.8m each)
- Option of Poly-bristle fibre broom adaptor kit available to obtain textured finish
