

## Channel Radius Float Set 3000Mm

**SKU:** 6191-101035

3000mm l x 150mm w

Supplied with

- Knucklehead
- Outrigger Set
- 3 x Snap Handles
- 17kg

### PRODUCT DESCRIPTION

Much more rigid than a traditional bull float

An ideal tool to pass over the concrete immediately after screeding Ensures improved flatness and tolerance right from the start

Comprises of a rounded end for floating and a sharp back edge for cutting Comes complete with worm drive pitch control (Knucklehead), outrigger set and three extension snap-handles sections (1.8m each)
