

Concrete Spacer - High Load - 50Mm Cover - 50Pk

SKU: 6192-CSAH50

- Heavy Duty Spacers / Cover Blocks are used in members with very high reinforcement load e.g. Heavy Rafts or Footings.
- Ideal for high reinforcement loads due to their high breaking load rating.

PRODUCT DESCRIPTION

Technical Data Sheet

1) IDENTIFICATION OF SUBSTANCE

Product Name: Concrete Spacers

2) Composition/INFORMATION OF INGREDIENTS

Chemical Composition: Mix of OPC, GBS, GGBS, fibres and additives.

3) Technical Specifications

Test Parameters	Results
Compressive Strength	Not less than M60
Water Absorption	Less than 5%
Rapid Chloride Penetration Test	Very Low
Sulphate Content	Less than 1.0% by mass of cement
Chloride Content	Less than 0.3 kg/m ³
Water Penetration	Less than 10mm
Chloride Migration Coefficient	Less than 3.5x10 ⁻¹² m ² /s
Deflection Under Load	Less than 1mm
Alkali Silica Reactivity	Harmless
Salt Content	Less than 0.01%
