

## Fuji Air Tools - Flux Chipper Fch-25F-1F

**SKU:** 5412052563

### PRODUCT DESCRIPTION

Fuji flux chippers are ideal for various removal operations; light chipping carving stone scaling removing paint rust weld flux and light fins from castings.

Attachments such as chisels and needles can be quickly and easily changed. The locking handle are designed to reduce the risk of accidental starting of the tools. The handle is automatically locked when the operator releases the handle.

Low air consumption 0.14-0.18 m<sup>3</sup>/min (due to the valve mechanism) enables Fuji flux chippers to be used with a smaller compressor. The built-in Sleeve Valve allows the operator to adjust the blow frequency by adjusting the throttle valve.

#### Technical Specifications

Throttle Type: Locking Lever (1F)

Blows: 60Hz

Piston Diameter: 25mm/0.984"

Stroke: 20mm/0.79"

Overall Length: 204mm/8.03"

Weight: 1.5kg/3.3lbs

Air Consumption(At Load):

0.18m<sup>3</sup>/min / 6.4ft<sup>3</sup>/min

Air Hose Size: 9.5mm/3/8"
